

# quick-analysis by state and WA county

A quick visualization of the published NYT data on US Covid-19 cases by state. Source data may be found here: <https://github.com/nytimes/covid-19-data>

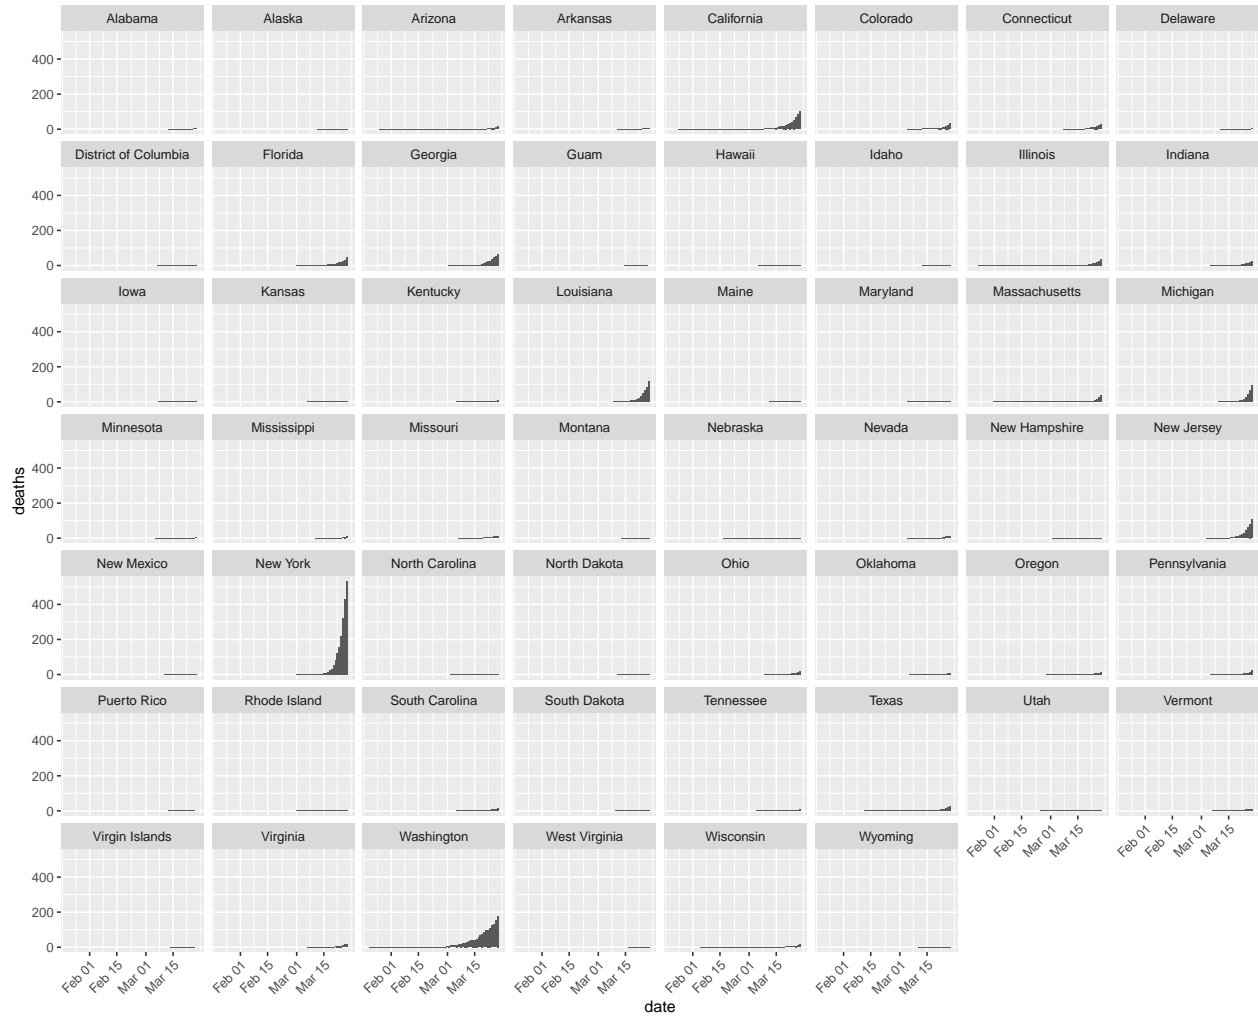

There are two types of graphs here currently: \* Linear - this is just an absolute count reported by date \* log(2) - this is a log(2) graph of count by date, intended to help display the doubling trend

Covid cases by state – log(2)

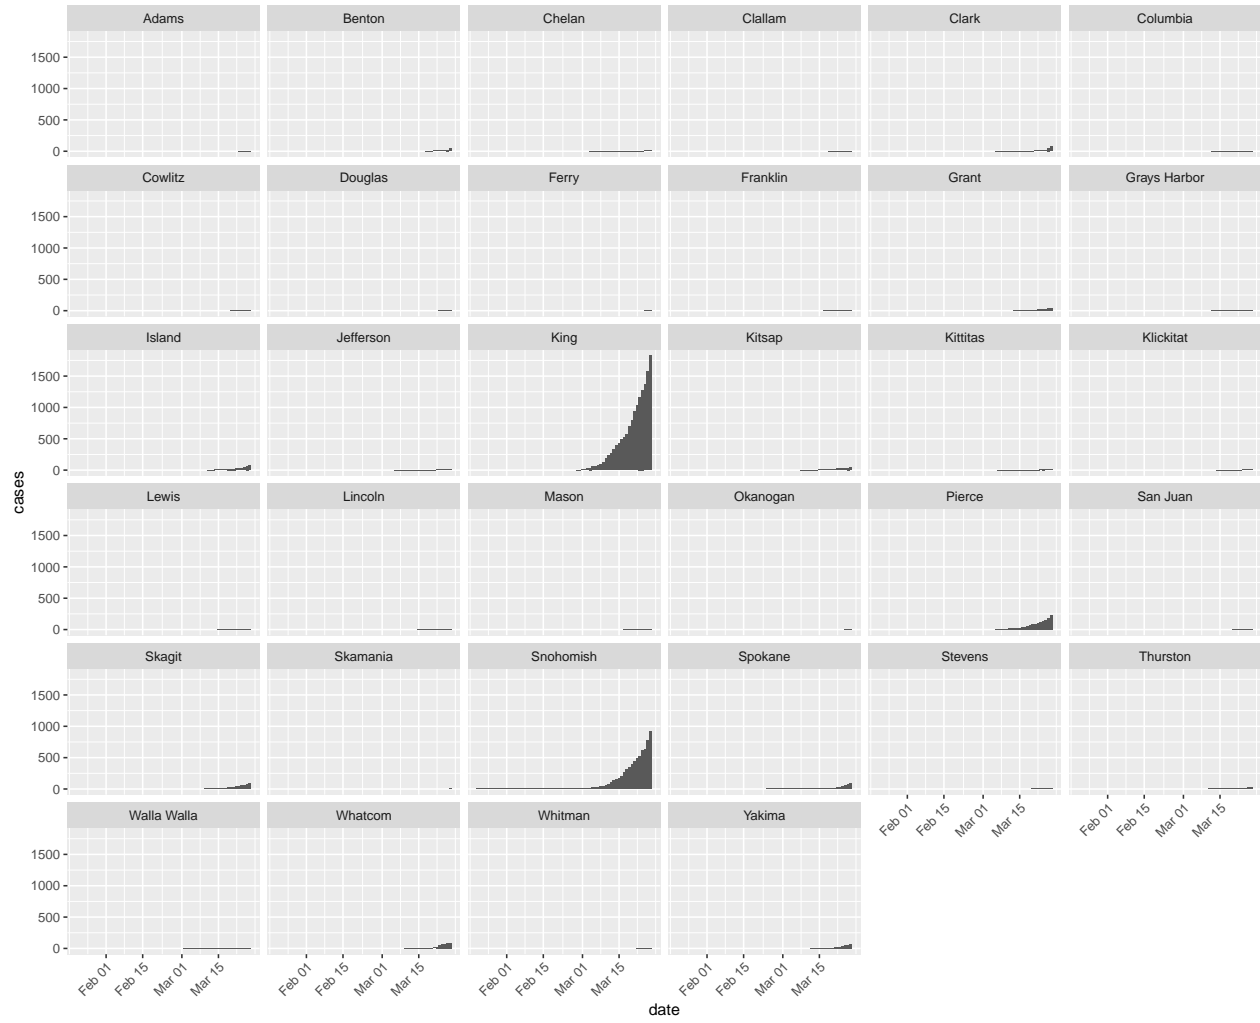

Covid Deaths by state – linear

Covid deaths by state – log(2)

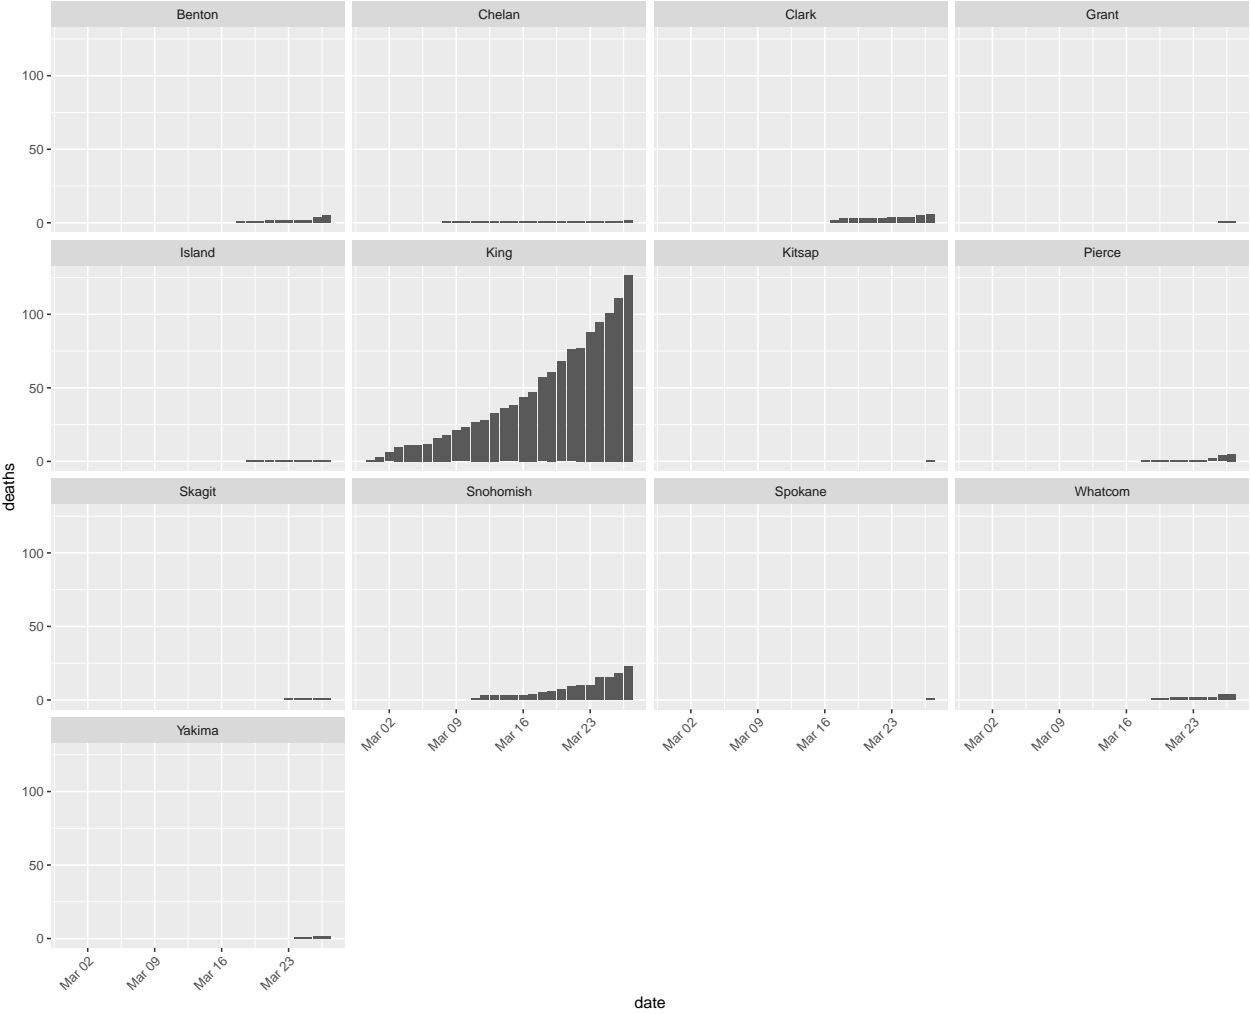

Covid Cases by WA County – linear

Covid Cases by WA County – log(2)

Covid Deaths by WA County – linear

Covid Deaths by WA County – log(2)
